### Industry 4.0: realising the new generation of wealth creation

09:00 - 09:45  
Disruption and Innovation Summit

Gain exclusive and actionable insight on when and where to invest to realize the best future opportunities, from the originator of the 4th Industrial Revolution

---

### Chair's welcome address

09:10 - 09:15  
German Private Equity Summit

---

### Chair's welcome

09:10 - 09:15  
Real Assets Summit

---

### Macroeconomic overview: Germany, the powerhouse of Europe

09:15 - 09:45  
German Private Equity Summit

Assessing Germany's appeal as the most stable and predictable European economy compared to the chaos of Brexit. What are predictions for the macroeconomic and political environment in the future and how will these affect the private capital markets?

---

### Where are we in the economic cycle? Preparing for a post Brexit private debt market

09:15 - 09:45  
Private Debt Summit

- Will there be a downturn and how will it affect the private debt asset class, which is yet to be tested in a stressed market?
  - How would firms deal with having to take a direct role in managing distressed companies, how is the industry looking at current and future allocations, what strategies should GPs be deploying now to prepare, and who is best placed to survive?
- 

### 2019 global outlook for real assets: where is the smart money heading?

09:15 - 09:45  
Real Assets Summit

---

### The future of private equity: how do macro disruptors interact with technological innovation?

09:45 - 10:15  
Disruption and Innovation Summit

Monetary policy normalization, threats to globalization, regional disintegration, geopolitical tensions:

- How do these macro disruptors interact with technological innovation and what does this mean for private capital?
- 

### What's next for the German private equity market?

09:45 - 10:15  
German Private Equity Summit

- What are the reasons behind the robust appetite for German private assets and the increased deal volume and where do the best opportunities lie?
  - What are the implications of rising debt levels and easing terms for private equity?
- 

---

### Capital deployment in the current environment

09:45 - 10:15  
Private Debt Summit

Maintaining the optimum balance between strong deal flow and quality of returns:

- What about rising interest rates?
  - What strategies and regions provide outsized returns today? Is competition pushing managers to take on more risk than they should? How can managers outperform competition?
- 

### Real assets "best ideas" debate: which asset classes, investment strategies and geographies will lead the markets and why?

09:45 - 10:15  
Real Assets Summit

- Which real assets opportunities are most appealing?
  - To what extent will loan origination become harder and deal funding less certain?
- 

### Developing comprehensive digital strategies to create value and maximise returns: What's your own business strategy in a digital world?

10:15 - 10:45  
Disruption and Innovation Summit

Considering the impact of digital disruption on your own operations: privacy concerns, cybersecurity threats and investor demands, and addressing your digital ecosystem to future-proof your enterprise. How can you make your firm more agile?

---

### LP perspectives: seeking closer GP relationships

10:15 - 11:00  
German Private Equity Summit

- To what extent are German investors moving away from the fund of funds approach and going more directly into funds?
  - How successful is the co-investment model and how should investors strike the right balance between direct, secondary and fund commitments?
- 

### Effects of the private credit glut: has Europe's direct lending market reached saturation point?

10:15 - 10:45  
Private Debt Summit

- Is the European private credit market ripe for consolidation?
- Will the record numbers of firms entering the market make a shake-out inevitable, as big players continue to secure investments and hoover up capital while smaller operators struggle to eke out a niche?

---

### What role does real estate play in a diversified investment portfolio today?

10:15 - 10:45  
Real Assets Summit

- What returns are being produced by real estate investments in comparison to alternative investment strategies?
- How can you manage geopolitical risk to invest on a global scale?
- What are the key considerations for capital allocations and pros and cons of mega funds vs niche strategies vs JVs vs direct investments?

---

### Morning coffee and networking break

10:45 - 11:15  
Disruption and Innovation Summit

---

### Morning coffee and networking break

10:45 - 11:15  
Private Debt Summit

---

### Morning coffee and networking break

10:45 - 11:15  
Real Assets Summit

---

### Morning coffee and networking break

11:00 - 11:30  
German Private Equity Summit

---

### AI is for trading what fire was for the cave men

11:15 - 11:45  
Disruption and Innovation Summit

Exploring how Artificial Intelligence has become the game changer in trading by redefining risk and returns

---

### Solo Presentation

11:15 - 11:40  
Private Debt Summit

---

### The next generation of infrastructure

11:15 - 11:45  
Real Assets Summit

- How is the infrastructure asset class evolving and how are GPs reinterpreting its definition as it matures and broadens?
- Developing new sources of capital & funding approaches & assessing more innovative & sophisticated approaches to investment strategies
- What strategies or industry sectors are most appealing?

---

### Update on Mittlestand

11:30 - 12:00  
German Private Equity Summit

- Is the younger generation of founders and entrepreneurs in the German Mittlestand finally accepting private equity as a source of financing?
- Will there be a wave of transactions in the imminent future and how can firms be best positioned to take advantage?

---

### Predictions on the performance of the asset class over the next 12 months

11:40 - 12:10  
Private Debt Summit

- What are dry powder deployment expectations?
- Which strategies will over and under-perform and why?
- Are the large players becoming increasingly like banks, what does this mean for investors, and how can investors protect themselves if economic conditions worsen?

---

### The new generation of robots

11:45 - 12:15  
Disruption and Innovation Summit

Building a new generation of smart, collaborative robots that can build infrastructure, do mining and several other industrial tasks all with the same platform:

- But how do we design new approaches to learning and education so that workers have the resources to evolve alongside technology?

---

### Co-investments and direct investments

11:45 - 12:15  
Real Assets Summit

- What are the effects of heavy competition in core assets as more investors transition to direct investments?
- How are platforms and partnerships allowing investors to acquire direct expertise?

---

### Getting creative in the German market

12:00 - 12:30  
German Private Equity Summit

How do successful GPs generate proprietary deal flow? Examining the growing trend for innovative buy and build models and minority deals with entrepreneurs

---

### Update on financing mid market deals

12:10 - 12:40  
Private Debt Summit

- How can mid market players find an attractive niche to stand out in the competitive environment?
- What new products, regions and strategies are being developed and which offer the best risk-adjusted returns in the current competitive environment and why?
- Will more firms lend to companies not backed by private equity in the future?

---

### Investment opportunities in AI: transforming the future?

12:15 - 12:45  
Disruption and Innovation Summit

How can investors benefit from the technology and knowledge advancement of AI?

---

### LP strategies for 2019: what are the drivers of investor interest in real assets and where will they be putting their capital to work?

12:15 - 12:45  
Real Assets Summit

- LP considerations when constructing an optimum real asset portfolio: what are the best strategies, geographies, sectors and property types?
- Are pure-play or diversified funds a better fit for your portfolio? Are LPs bullish on private equity infrastructure and real estate as a long-term investment or are we nearing the top of the market cycle?

---

### Why Germany is the hottest European opportunity

12:30 - 13:00  
German Private Equity Summit

Assessing liquidity possibilities in the German market: re-capping, open IPO market, international buyers, including US and China, a sophisticated M&A advisor market and less elevated prices than UK. Is German private equity keeping up with demand from the global LP community?

### LP perspectives on allocation to private debt

12:40 - 13:10

Private Debt Summit

Assessing the returns for long term direct lending programmes:

- What growth have LPs seen, how has increased leverage affected pricing?
- Will supply and demand compress the arbitrage?
- Are we nearly at the top of the credit cycle? If so, does private debt continue to look attractive to investors and why?
- What effect will market volatility, interest rate increases and increased competition for deals have on investor sentiment?

### Networking lunch break and LP only lunch

12:45 - 14:30

Disruption and Innovation Summit

13:00-14:00 -LP Only Lunch

### Networking lunch break and LP only lunch

12:45 - 13:45

Real Assets Summit

13:00-14:00-LP Only Lunch

### Networking lunch break and LP only lunch

13:00 - 13:55

German Private Equity Summit

13:00-14:00-LP Only Lunch

### Networking lunch break and LP only lunch

13:10 - 14:05

Private Debt Summit

13:00-14:00 -LP Only Lunch

### Latest data on global capital flows

13:45 - 14:15

Real Assets Summit

Latest data on the movement of global capital flows into real assets and the effect on regional markets

### Afternoon Chair

13:55 - 14:00

German Private Equity Summit

### Latest on ESG: integrating sustainability in investments

14:00 - 14:30

German Private Equity Summit

Promoting the integration of ESG aspects into the investment process and risk management:

- How have the latest European Commission initiatives affected the industry?

### Afternoon Chair

14:05 - 14:10

Private Debt Summit

### What are the pros and cons of lending to non-sponsor companies compared to sponsored lending?

14:10 - 14:40

Private Debt Summit

- What are the benefits of "pure play" sponsorless lending funds for LPs?
- What is holding back direct lending funds from scaling up their direct corporate lending activity?
- How can the direct lending market break out of the private equity trench and start to connect meaningfully with small and mid-sized companies?

### Data presentation: the shifting energy landscape: How is digitalisation revolutionising the energy sector?

14:15 - 14:30

Real Assets Summit

Examining how technology is driving the confluence of cost and sustainability to provide new investment models and market opportunities:

- What does this mean for infrastructure investing?
- How can technology be leveraged to gain competitive advantage and what are the risks in this new and dynamic world?

### LP innovation and syndication – what will the LP of the future look like?

14:30 - 15:00

Disruption and Innovation Summit

- How can LPs find new opportunities together and evolve a collaborative model in both private and public markets?
- How realistic is the argument for larger LPs to syndicate together instead of bidding against each other to create a more efficient business model?

### Regulation panel

14:30 - 15:00

German Private Equity Summit

The demand for greater transparency from the German investor community as LPs diversify into private debt, infrastructure and increase their activity in secondaries and GPs lead more restructurings. What is the latest update on regulation?

### The shifting energy landscape: how is digitalisation revolutionising the energy sector?

14:30 - 15:00

Real Assets Summit

Examining how technology is driving the confluence of cost and sustainability to provide new investment models and market opportunities:

- What does this mean for infrastructure investing?
- How can technology be leveraged to gain competitive advantage and what are the risks in this new and dynamic world?

### How are institutional investors' understanding of private debt as an asset class evolving?

14:40 - 15:10

Private Debt Summit

- How are investors building the capabilities and resources to maximise the effectiveness of their allocation to private debt?
- What are LPs' biggest concerns when they seek to allocate?
- What credit strategies are most appealing, what are their return expectations and are they favouring single lender or multi lender strategies?

### The changing face of investors in private equity

15:00 - 15:30

Disruption and Innovation Summit

Creative strategies for innovating your business model to appeal to new investor bases: Assessing innovation in private wealth, DC, super-long term fund structures, liquidity demands.

### LP outlook

15:00 - 15:30

German Private Equity Summit

- To what extent are domestic investors increasing their allocations to private equity, what are the reasons for this and how can GPs gain access to local LPs?
- Is the inherent conservatism in the market being tempered, and what opportunities will this provide in the future?

---

### What is the current state of play in renewables?

15:00 - 15:30  
Real Assets Summit

Analysing global investment trends in the renewables sector:

- Where is the smart money going, and what are the hottest sectors within renewable's?
- Exploring the best strategies in deploying capital. How do you compare opportunities between developed markets and emerging markets?

---

### Technology and its potential to disrupt credit markets

15:10 - 15:40  
Private Debt Summit

- What are the new tech trends predicted to disrupt global markets as we know them?
- How can forward thinking lenders harness these trends for their own advantage?

---

### Technology – a new world for GPs and investors

15:30 - 16:00  
Disruption and Innovation Summit

Investing in the global game-changers that are reinventing a diverse range of products and providing new value for businesses across the globe:

- What current and predicted technological advances are posing the greatest disruption and how can investors take advantage?

---

### Afternoon refreshments and networking break

15:30 - 16:00  
German Private Equity Summit

---

### Afternoon refreshments and networking break

15:30 - 16:00  
Real Assets Summit

---

### Afternoon refreshments and networking break

15:40 - 16:10  
Private Debt Summit

---

### Afternoon refreshments and networking break

16:00 - 16:30  
Disruption and Innovation Summit

---

### Benchmarking the German Tech/VC scene in a European context

16:00 - 16:30  
German Private Equity Summit

- How is the VC ecosystem evolving in Germany and what does this mean for investors?
- What themes will deliver the most exciting returns over the next few years?

---

### Is the REITs industry poised for outperformance in 2019?

16:00 - 16:30  
Real Assets Summit

As interest rates begin to rise and have an impact on share prices and the cost of capital, the retail market shifts and competition increases along with a shift toward sustainable investing, where are the opportunities in the market for public and private REITs?

---

### Perspectives on senior lending

16:10 - 16:40  
Private Debt Summit

Is now the right time to invest in senior private credit positions?

---

### Assessing current and future portfolio companies from a digital perspective: how can digital advances create value?

16:30 - 17:00  
Disruption and Innovation Summit

Incorporating digital's impact into the due diligence process: Understanding how potential portfolio companies are poised to manage digital disruption, from marketing, sales and customer care to intellectual property, data and security requirements, in order to fully calculate your risk and opportunity and enhance your portfolio company returns.

---

### Growing infrastructure opportunities in Germany

16:30 - 17:00  
German Private Equity Summit

Assessing the best infrastructure opportunities in the German market: Is there a blurring of distinctions between infrastructure and private equity assets and how should LPs spread their allocations?

---

### Infrastructure debt: frothy but still a strong asset class?

16:30 - 17:00  
Real Assets Summit

Assessing the merits of debt funds and the reason for their appeal to investors:

- What is the outlook for pricing and supply, what does the next generation of debt products look like?

---

### Current appetite for co-investments in private debt

16:40 - 17:10  
Private Debt Summit

Examining the attractiveness of using co investments in private debt for both LP and GPs

---

### Blockchain: disrupting the private equity model

17:00 - 17:30  
Disruption and Innovation Summit

Examining the opportunities for deal execution, fundraising and investor relations:

- Can blockchain lower transaction costs, increase access to capital markets globally, and enhance security throughout the whole transaction process?

---

### Raised ambitions in the German fundraising market: hitting the hard caps

17:00 - 17:30  
German Private Equity Summit

- What are the reasons behind smaller funds raising more and doing it more quickly?
- How should LPs select their investments when faced with so much market liquidity?

---

### Beyond fund performance

17:00 - 17:30  
Real Assets Summit

How to set your firm apart from the crowd in an increasingly overcrowded market

Successfully differentiating your firm and communicating that difference, whilst understanding what really matters to investors

# SESSIONS

SUMMIT DAY - 26/02/2019

SuperReturn International

26 February - 1 March 2019

InterContinental Hotel  
Berlin

---

## Direct lending 2.0: how credible as a long-term competitor are peer to peer lending platforms?

17:10 - 17:40

Private Debt Summit

Assessing the advantages of market place lenders in comparison to sponsorless credit.

- When should LPs consider using these SME platforms and what benefits do they offer?

---

# SESSIONS

DAY 1 - 27/02/2019

SuperReturn International

26 February - 1 March 2019

InterContinental Hotel  
Berlin

---

## Registration and welcome coffee

07:30 - 08:00

---

## Chair's welcome address

08:00 - 08:05  
Day 1 Plenary

---

## Engaged conversations

08:00 - 08:45  
Engaged Conversations

Running alongside the main conference

Public and private small-group facilitated discussions.

## First come first served

## Spaces are limited

---

## Macro economic overview: The turning of the tide?

08:05 - 08:45  
Day 1 Plenary

- What impact will rising interest rates have on the global economy?
  - Is there a limited window of opportunity for private equity groups to have deals funded appropriately?
  - Will a slowdown in China be a headwind for the rest of the world's economies?
  - What are the economic consequences of Brexit?
- 

## Fireside chat

08:45 - 09:05  
Day 1 Plenary

The broadening role of private capital in the economy

---

## Macroeconomics and politics

09:00 - 09:30  
Engaged Conversations

## Chatham House Rule applies

## No press

---

## State of the union

09:05 - 09:35  
Day 1 Plenary

The private equity industry still isn't putting money to work as fast as it is coming in. This structural imbalance is its single biggest challenge, stemming from heavy competition for deals. How should private equity funds change the way they approach the market to turn this around? Geopolitical volatility & economic concerns are ever increasing. So where are the best opportunities among the alternative asset classes to generate quality risk-adjusted returns?

---

## Keynote interview

09:35 - 10:00  
Day 1 Plenary

- Should mega funds act more like large corporations?
  - How can private equity increase its share of the global M&A market in terms of deal value and count?
- 

## Spotlight on regulation

09:40 - 10:35  
Engaged Conversations

## Chatham House Rule applies No press

---

## Morning coffee and networking break

10:00 - 10:30  
Day 1 Plenary

---

## Fireside chat

10:30 - 11:00  
Day 1 Plenary

- Where are we in the cycle?
  - How can the industry counteract the rising cost of debt for leveraged buyouts?
- 

## Investor perspectives panel: innovation and transition - What will the LPs of the future look like?

11:00 - 11:30  
Day 1 Plenary

Examining the increasingly blurring lines between LPs and GPs:

- How is the LP/GP relationship evolving?
  - How is the trend towards direct investing affecting this relationship?
  - How is the industry reacting to longer term investing in private equity?
- 

## Fireside chat

11:30 - 11:55  
Day 1 Plenary

Succession at the big buyout shops

---

## Engaged conversation

11:30 - 12:00  
Engaged Conversations

## Chatham House Rule applies No press

---

## Keynote presentation

11:55 - 12:20  
Day 1 Plenary

Operating performance: growing a company organically

Capturing returns by finding assets to add value in a high valuation environment

---

## Keynote interview

12:20 - 12:45  
Day 1 Plenary

---

## Keynote panel discussion

12:45 - 13:15  
Day 1 Plenary

- Where are private equity returns going?
  - Is supply and demand compressing the arbitrage?
  - Is the market overly focused on top quartile net IRR performance without considering the level of risk?
- 
- Is it important to stay consistently invested?
- 

## LP only session

12:45 - 13:15  
Engaged Conversations

## By invitation only

---

## Networking lunch break & delegate quickfire showcase

13:15 - 14:30

**14:00 – 14:30 : Delegate quickfire showcase**

---

## Afternoon Chair

14:30 - 14:35  
Day 1 Plenary

---

## Solo presentation

14:35 - 15:05  
Day 1 Plenary

---

## Solo presentation

Day 1 Plenary

---

## Afternoon refreshments and networking break

15:35 - 16:00

---

---

## Chair's opening remarks

16:00 - 16:05  
Stream A: Mid Market Focus

---

## Chair's opening remarks

16:00 - 16:05  
Stream B: Geo Focus

---

## Chair's opening remarks

16:00 - 16:05  
Stream C: Update on Secondaires

---

## Chair's opening remarks

16:00 - 16:05  
Stream D: Value-added Volatility & the PE Cycle

---

## Chair's opening remarks

16:00 - 16:05  
Stream E: Investor Outlook

---

## How is the mid-market innovating in the current climate?

16:05 - 16:35  
Stream A: Mid Market Focus

Examining the effect of Brexit, record high levels of pricing, stiff competition and falling deal volume:

- How are mid market funds generating alpha?
- 

## Getting emerging market investments right

16:05 - 16:35  
Stream B: Geo Focus

- How can investments in emerging markets be harnessed to provide optimal returns?
  - To what extent do they offer an effective diversification tool, and how can firms successfully accrue new sources of returns in an increasingly challenging domestic market?
- 

## Update on secondaries

16:05 - 16:35  
Stream C: Update on Secondaires

An analysis of secondaries funds, deal flow, pricing

---

## How will business structures change in a post-Brexit world?

16:05 - 16:35  
Stream D: Value-added Volatility & the PE Cycle

- How will new trade barriers affect investments, what are the implications for regulation, deal flow, fundraising and fund domicile?
  - Can PE continue to deliver outperformance in a more complex post-Brexit world?
- 

## Assessing the current LP mood

16:05 - 16:35  
Stream E: Investor Outlook

- What are LPs' allocation plans for 2019?
  - How can they overcome the challenges of accessing top quartile managers who can select their LP base and limit their fund size?
  - Should LPs be allocating to the asset class on the basis of past returns, making the assumption that these will continue?
- 

## What are the drivers of lower mid market outperformance?

16:35 - 17:05  
Stream A: Mid Market Focus

- Is the lower end of the mid-market less competitive?
  - Are the risk and returns worthwhile?
  - Who is doing sponsorless deals?
  - What has driven recent strong exit activity and how sustainable is this?
- 

## LPs' allocation to emerging markets

16:35 - 17:05  
Stream B: Geo Focus

LPs on emerging markets:

- How do emerging markets fit into their portfolio construction strategy today?
  - Which geos / sectors are most interesting, where are LPs planning to increase their commitments and why?
- 

## Solo presentation

16:35 - 17:05  
Stream C: Update on Secondaires

---

## Operational expertise: Winners and losers for 2016-18 vintages

16:35 - 17:05  
Stream D: Value-added Volatility & the PE Cycle

Which firms will stand out from the crowd and who really has the key solid management operational skills to grow a company organically?

---

## What are the biggest challenges for LPs in a world awash with capital?

16:35 - 17:05  
Stream E: Investor Outlook

- How are private markets viewed against other asset classes?
  - How can LPs maintain discipline at a time when PE has consistently outperformed and it feels near the top of the cycle?
  - What is keeping LPs awake at night?
- 

## What is the current LP appetite for mid market deals?

17:05 - 17:35  
Stream A: Mid Market Focus

- What factors do LPs take into account during their selection process?
  - What niche strategies are most appealing?
  - What metrics do LPs use when evaluating performance?
  - What can mid market GPs do to attract their interest?
- 

## Opportunities in Asia:

17:05 - 17:35  
Stream B: Geo Focus

What sectors, opportunity sets, exit expectations and growth drivers present the best investment opportunities and why?

---

## GP led secondaries fund restructurings – entering the mainstream?

17:05 - 17:35  
Stream C: Update on Secondaires

Creating liquidity out of the GP-led transaction:

- How is this corner of the private equity market developing?
  - How satisfactory as a solution are these transactions for investors with mature assets in ageing funds?
  - Will this trend grow and what are the sticking points?
- 

## Distressed: investing in a mature credit cycle

17:05 - 17:35  
Stream D: Value-added Volatility & the PE Cycle

Preparing for a downturn: When is the time to pivot to a distressed-for-control investing orientation? Examining return expectations given current market volatility

---

# SESSIONS

DAY 1 - 27/02/2019

SuperReturn International

26 February - 1 March 2019

InterContinental Hotel  
Berlin

---

## LP consolidation: the rise of the SuperFund

17:05 - 17:35

Stream E: Investor Outlook

What are the benefits of a pooled future? Anticipating the increasing sophistication of UK pension funds and family offices as they consolidate:

- Will this trend lead to a shift towards separate account mandates, and will the terms LP/GP even exist in 10 years' time?

---

## Succession planning In mid market private equity firms:

17:35 - 18:05

Stream A: Mid Market Focus

Best practices and pitfalls

---

## Africa: where are the best investment opportunities in the current environment?

17:35 - 18:05

Stream B: Geo Focus

- Where can outsized returns be found?
- How are global trends in commodity prices, interest rates and currency volatility affecting economies, where will the best returns be generated, and what does deal flow and competition look like?

---

## LP views on liquidity

17:35 - 18:05

Stream C: Update on Secondaires

Have secondaries delivered on their promise of shorter durations and higher returns?

What do LPs think of the new GP methods for generating liquidity:

- How do they ensure they are getting a fair deal?

---

## Special situations and turnarounds

17:35 - 18:05

Stream D: Value-added Volatility & the PE Cycle

- Where do the best opportunities lie for 2019?
- What can exposure to special situation funds bring to an LP portfolio ?
- What is the current LP appetite?

---

## Long term, long horizon

17:35 - 18:05

Stream E: Investor Outlook

Will long term funds become a growing segment of the market as LPs prefer to own, deleverage and hold companies for the long term?

---

## End of Main Conference Day 1

18:05 - 18:10

---

## Evening networking cocktail party

18:10 - 19:35

Latest on the effects of political risk; trade wars and their impact on the global economy, update on the way technology is disrupting the industry. Should GPs and LPs be investing more in their own infrastructure to better harvest and analyse data on a fund? What are the challenges of co-investing, special accounts & the divergence in the returns that LPs will earn from private equity?

Please go to [sli.do](#) and use the access code #SuperReturn

---

## SuperReturn boardroom

10:00 - 10:30  
Engaged Conversations

Engaged conversation:

## The Chatham House Rule applies

No press

---

## New leadership, new horizons

10:10 - 10:40  
Day 2 Plenary

- How should the big buyout houses lead the way in leadership transition?
  - How do new CEOs view the future and how will things be different under their tenure?
  - How will the new generation of leaders re-examine their firms' operating model, investment approach, career paths, incentives, and critical skill sets?
- 

## Corporate invaders into the private equity space

10:40 - 11:15  
Day 2 Plenary

Should mega funds act more like large corporations? How can private equity increase its share of the global M&A market in terms of deal value and count?

---

## Morning coffee and networking break

11:15 - 11:45

---

## Guest speaker

11:45 - 12:25  
Day 2 Plenary

---

## Off the record: Investment strategies in uncertain times

12:25 - 12:50  
Day 2 Plenary

---

## SuperReturn boardroom

12:30 - 13:00  
Engaged Conversations

## Closed door Q&A

## The Chatham House Rule applies

No press

---

## Keynote solo address

12:50 - 13:20  
Day 2 Plenary

What evolves and what endures in our industry, current state of affairs and likely future direction

---

## Networking lunch break

13:20 - 14:30

---

## Afternoon plenary chairman

14:30 - 14:35  
Day 2 Plenary

---

## Forging new deals & flexible terms

14:35 - 15:00  
Day 2 Plenary

- How successfully are GPs innovating to address LP needs?
  - What more needs to be done to ensure private equity remains an attractive investment proposition for investors?
- 

## How is the European mid-market innovating in an increasingly competitive market?

15:00 - 15:30  
Day 2 Plenary

- To what extent is the European mid-market private equity still combining top-down stock selection and bottom-up business improvement to generate growth and provide consistent, risk-adjusted returns?
  - Where and how are leading mid market managers investing to ensure future returns are protected?
-

---

## Emerging markets: the next frontier for investors?

15:30 - 16:00

Day 2 Plenary

Private equity and technology in emerging markets: what does deal flow, competition and return potential look like for the different strategies active in emerging markets private equity today and how should GPs approach LPs across different markets?

---

## Afternoon refreshments and networking break

16:00 - 16:25

---

## Chair's opening remarks

16:25 - 16:30

Stream A: Fundraising

---

## Chair's opening remarks

16:25 - 16:30

Stream B : Impact Investing

---

## Chair's opening remarks

16:25 - 16:30

Stream C: Co-Investments

---

## Chair's opening remarks

16:25 - 16:30

Stream D: VC/Growth

---

## Europe surpasses the US in PE fundraising in 2018

16:30 - 17:00

Stream A: Fundraising

Where is the cash going?

---

## What is the future of the impact investing sector globally?

16:30 - 17:00

Stream B : Impact Investing

Latest trends in impact investing: benchmarking social impact performance and informing investment decisions

---

## How has co-investing changed?

16:30 - 17:00

Stream C: Co-Investments

Looking back over the past 10 years:

- To what extent do co-investments outperform fund investments?
- How can investors can better navigate this increasing complex and crowded landscape?
- How has the industry progressed and how well - prepared are co-investment partners for a downturn?

---

## Taking European venture to the next stage

16:30 - 17:00

Stream D: VC/Growth

Building confidence in European VC versus other global regions:

- What are the hottest VC, growth and tech sub sectors today?

---

## Managing LP/GP relationships in the new efficient fundraising environment

17:00 - 17:30

Stream A: Fundraising

- To what extent is fund size expansion by managers an increasing risk consideration for LPs?
- How are GPs of oversubscribed funds preserving long-term relationship with their LPs?
- What makes a fund marketable to LPs and how have successful GPs achieved their outstanding fundraisings?

---

## Generating social and environmental impact as well as financial returns:

17:00 - 17:30

Stream B : Impact Investing

How can institutional asset owners deepen their engagement with, the impact investing market in order to develop their impact portfolios?

---

## LP appetite and approach to co-investing

17:00 - 17:30

Stream C: Co-Investments

How direct should LP involvement be in co-investing?. What are the different ways investors do co-investments? How successful are LPs at building cornerstone partnerships? What are the risks inherent in a co-investment programme and how are these best managed?

---

## Growth equity today

17:00 - 17:30

Stream D: VC/Growth

Global growth investing & creative origination in today's market:

- Where do opportunities lie?

---

## How sustainable is this record-breaking era of fundraising?

17:30 - 18:00

Stream A: Fundraising

Excess number of funds in the market and compressed fundraising timelines mean its getting difficult for investors to do anything but re- up:

- How easy is it to maintain the discipline of saying no if there are concerns?
- How do LPs looking for a new relationship get a foot in the door?
- How are LPs allocating resources and capital to generate the best returns?

---

## Impact Investing

17:30 - 18:00

Stream B : Impact Investing

A PE commercial return and help save the world!

---

## Closed door session on co-investments

17:30 - 18:00

Stream C: Co-Investments

- How are increasingly sophisticated LPs building and managing their co-investment programmes and how do different approaches compare?
- What are LP views on taking board seats, influencing portfolio companies and risk mitigation?
- How do the challenges and pitfalls presented to an investor vary depending on the different pipes that source the deal?
- Opaque fee structures: where are the potential misalignment of interests?
- What of under-performance and adverse selection?

---

## The truth on returns in European VC

17:30 - 18:00

Stream D: VC/Growth

- How is the market maturing?
- Who are the next generation transforming European VC?
- What are the challenges ahead ?

---

## End of Main Conference Day 2

18:00 - 18:05

- 

## Regulatory update

11:45 - 12:15  
Day 3

Regulation, self-regulation and politics: the main challenges for PE in 2019 and how the industry is preparing to deal with them

---

## Guest speaker

12:15 - 13:00  
Day 3

---

## Networking lunch break and Women in Private Equity lunch

13:00 - 14:15

Women in private equity lunch – **invitation only**

How can the industry better attract, develop and retain top female talent?

---

## Fund selection masterclass

14:15 - 14:45  
Day 3

One respected LP will direct a series of questions on various investment scenarios to a panel of three GPs. The GPs will be seated behind a screen so the LP will be unable to see them. After all questions have been answered, the LP will choose the GP they would most like to invest with today in light of the responses given. Live & uncut!

---

## Off the record session

14:45 - 15:15  
Day 3

Boardroom discussion of red-hot issues

Chatham House Rule applies – no reporting, or attributing of quotes to participants.

Up-to-the-minute agenda to be announced.

---

## End of SuperReturn International 2019

15:15 - 15:20
